Parts & Service Description

REPAIR AND FACTORY MAINTENANCE

A complete repair and service department is maintained at our factory in Bohemia New York. Our factory trained technicians provide professional service using only OEM specified parts and certified alignment equipment. Sonic Anemometers are not field serviceable.

RETURN AUTHORIZATION

Prior to any product return, please contact the factory at (631)-567-7300 or e-mail service@Climatronics.com for a return authorization number (RA).
